

### MATERIAL

solid walnut, natural steel (shown)

### DIMENSIONS

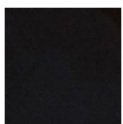

34"W x 76"H x 3"D (shown)

### PRICE RANGE

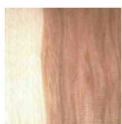

\$1,149 and up

A generous floor or wall mounted mirror that "floats" from a curved piece of sheet steel by way of a raised panel between the steel and the mirror. The standard design uses hot rolled steel for a sturdy and durable style. The floor version sits on a wooden base and leans against a wall.
